

SPECIAL OFFER

*Residents
&
Citizens*

Valid from 20th July to 31st August

3 DAYS – 2 NIGHTS
Tarangire, Lake Manyara & Ngorongoro
(4 to 6 pax)

Day 1
Arusha - Tarangire

Around 8:30am, depart from Arusha and drive to Tarangire National Park for a day of wildlife viewing. Good location near the main road, only about 100 km from Arusha and the diversity of animals and vegetation make Tarangire one of the best parks in Tanzania.

The park is often referred as the home of elephants. Large herds (even 50 – 100 individuals) can be seen roaming among the huge baobab trees. Other animal species to be spotted are e.g. zebra, giraffe, different antelopes, lion, cheetah, vervet monkey and mongoose.

Picnic lunch inside the park.

Early evening exit the park and drive for your dinner and overnight stay at

Accommodation: Maramboi Camp Tarangire

Day 2 Lake Manyara

Breakfast at the lodge. Then drive to Lake Manyara NP for game drives until early evening. Lunch in the park.

The loveliest I have seen in Africa” said the novelist Ernest Hemingway about Lake Manyara. It’s a small park with stunning and versatile scenery. The most famous habitants are the tree-climbing lions. It is also a park with very high density of elephants and it is in fact a place where you are most likely to have a close encounter with them. Lake Manyara is also the home to the largest concentration of baboons anywhere in the world.

Exit the park and drive to your accommodation at

Accommodation: Ngorongoro Farm House

<http://www.tanganyikawildernesscamps.com/>

Day 3 Ngorongoro Crater

After breakfast at the lodge drive to Ngorongoro gate. After gate formalities enter the park and descend down the Ngorongoro Crater which is about 2000 feet deep and 14 miles wide. We will spend the day exploring the Ngorongoro Crater which is a World Heritage Site, home to nearly 25,000 animals, giving you a very real chance of spotting the Big5 namely lion, elephant, endangered black rhino, buffalo and leopard plus countless other African mammal species.

Witness the magnificent array of habitats, each with its own unique wildlife and flora. Lunch at the hippo pool picnic site of the Crater floor.

In the afternoon ascend the Crater and drive back to Arusha
